TECHNOLOGY & BUSINESS MANAGEMENT INC. (TBM INC)

AGILE: Modernization – Transformation – Governance

CAPABILITY STATEMENT

Corporate Information

SAM ID: XXGCA3H4VHE7

Cage: 7CTX5

EIN: 471484870

NAICS: 541611, 541511, 519190, 541512, 541519, 541618, 541990, 561499, 611430

GSA MAS Schedule: 47QTCA21D009B

FAA eFAST: 693KA9-22-A-00036

Who We Are

We help Federal agencies adopt secure AI, modernize data and cloud, and automate mission workflows, reducing risk, improving performance, and accelerating outcomes

Our Service Offering

Digital Modernization and Transformation

- Enterprise Architecture Modernization
- Cloud Migration & Optimization
- Agile, DevSecOps, & IT Performance Improvement
- Cybersecurity & Zero Trust Architecture

Artificial Intelligence and Automation

- AI Strategy, Governance, & Guardrails
- Secure GenAI & Agentic Workflow Automation
- Data Science, Predictive Analytics, & Geospatial
- LLMOps, Evaluation, & Human Oversight

Strategic Financial Management

- Financial Planning, Analysis, & Optimization
- Investment Alignment & Performance Measurement
- Acquisition, Vendor, & Risk Management
- Compliance, Audit Readiness, & Transparency

Technology Business Management & FinOps

- IT Investment Management & Cost Transparency
- Cloud Financial Operations (FinOps)
- Data Analytics, Visualization, & Benchmarking
- Product, Portfolio, & Program Management

Certifications

SBA 8(a) CERTIFIED
SBA EDWOSB CERTIFIED
SBA WOSB CERTIFIED
CERTIFIED ISO 9001:2015 COMPANY
CYBERSECURITY MATURITY MODEL CERTIFICATION
CMMIDEV/3
CMMISVC/3

What Sets TBM Inc. Apart

- **Mission-Ready AI Adoption:** Turning responsible AI into mission workflows
- **Governed by Design:** Strategy, efficiency, and governance from day one
- **Small-Team Speed:** Rapid pilots, sprint delivery, and secure deployment
- **Modernization and Transformation**: Cloud, data, DevSecOps, and automation aligned to mission outcomes
- **Proven Federal Outcomes:** Census, FDIC, Army, TSA, DOJ, USPTO, plus more

Our Value Delivered Highlights

US Patent and Trademark Office (USPTO)

Led enterprise-wide modernization with Agile, DevSecOps, AI-enabled workflow automation, and accelerated cloud strategy, improving mission agility and reducing annual costs by $250M.

The Census Bureau (Census)

Applied AI automation, geospatial tech, cloud data lakes, and real-time analytics to cut manual processing 40% and costs 20%. Improved outreach and service delivery through data-driven engagement.

Department of Justice (DOJ)

Modernized DOJ mission systems, data, and workflows through Agile PMO, cybersecurity, and automated analytics, improving scalability, secure access, decision-making, efficiency, and transparency.

Federal Deposit Insurance Corporation (FDIC)

Delivered the first enterprise cloud strategy and $200M business case, creating an AI-ready cloud and data foundation. Streamlined portfolios, improved scalability, and reduced costs by $55M annually.

Transportation Security Administration (TSA)

Modernized enterprise, business, and data architecture, enabling cloud BI solutions, saving $50M annually. Applied AI, biometrics, and geospatial analytics to enhance security, workforce efficiency, and decision-making.

US Coast Guard (USCG)

Modernized digital investigative and forensics workflows through process improvement, training, and analytics-enabled support across seven regions, reducing processing time by 25% and improving agent efficiency.

US Army

Led cloud, data, and AI/ML automation modernization. Stood up Agile PMO, optimized workflows, and enabled knowledge operations, improving efficiency, decision speed, and mission agility.

Department of Energy - PNNL

Modernized BPR, ERP data modernization, and cloud migration. Deployed a medallion lakehouse and automated reporting, reducing processing time by 40%, improving data quality, and lowering costs by 22%.

Our Value Delivered Highlights

TBM was instrumental in modernizing our agency's digital operations and IT ecosystem. Their expertise in AI, Cloud, and enterprise transformation has significantly improved efficiency, reduced risks, and accelerated mission-critical outcomes.

COR, Federal Agency

TBM brought a can-do attitude and data-driven approach unseen previously. TBM enabled the Agency to pioneer multiple new ways of conducting business, resulting in faster time-to-market product delivery and millions of dollars in operational efficiency gains.

COR, Federal Agency
